Dear Bill:

On behalf of the 75,000 members of The American Legion here in Maryland and the members of the armed forces and their families I would like to extent our thanks for your donation of \$1,000.00 to the Heroes to Hometown fund.

As you certainly know this fund is dedicated to providing immediate help to the families and our wounded during their time of need. This is one of the primary reasons that our great organization exists. Again we say thanks for your help.

Yours in service, I am

Orlyn Oestereich
Department Commander
